

Carryduff GAC

Valuing Volunteers and Recruitment Policy

POLICY STATEMENT

Carryduff GAC recognises the valuable input of volunteers to our club. We commit to supporting our volunteers in their role by following recommendations made by our governing body of sport that stipulate our volunteers should under-go a recruitment process.

PROCEDURES

The following procedures for recruitment of volunteers will assist in placing volunteers in a situation to which they are suited and help in the protection of children and volunteers alike.

- All volunteers must be club members
- List all tasks that volunteers need to perform, and the skills needed for those tasks
- Provide training for volunteers in their role by urging them to attend Ulster GAA Club Officer Training Programme where appropriate
- Make vacancies within the club openly available to interested and qualified applicants
- There is a requirement for all coaches and volunteers who have substantial access to children to have their background checked via normal GAA protocols using AccessNI.
- Once recruited into the club, all volunteers should be adequately managed and supported
- Any statutory guidelines should be adhered to

DECLARATION

This document has been approved by the Club Executive Committee and serves as the working volunteer policy of Carryduff GAC.
